# Egypt

Our high quality products are distributed all over the world and Egypt is one of the most markets that Lan-sheng targets.

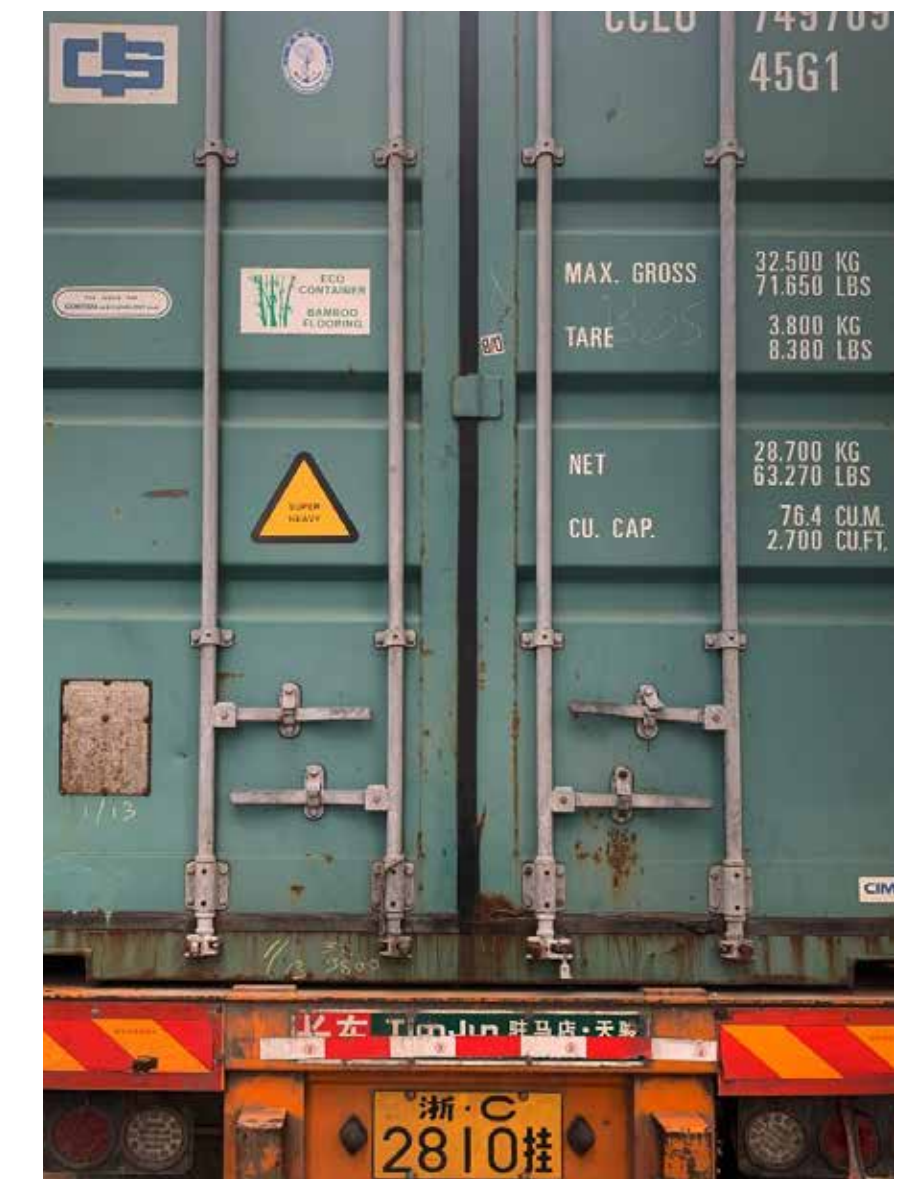

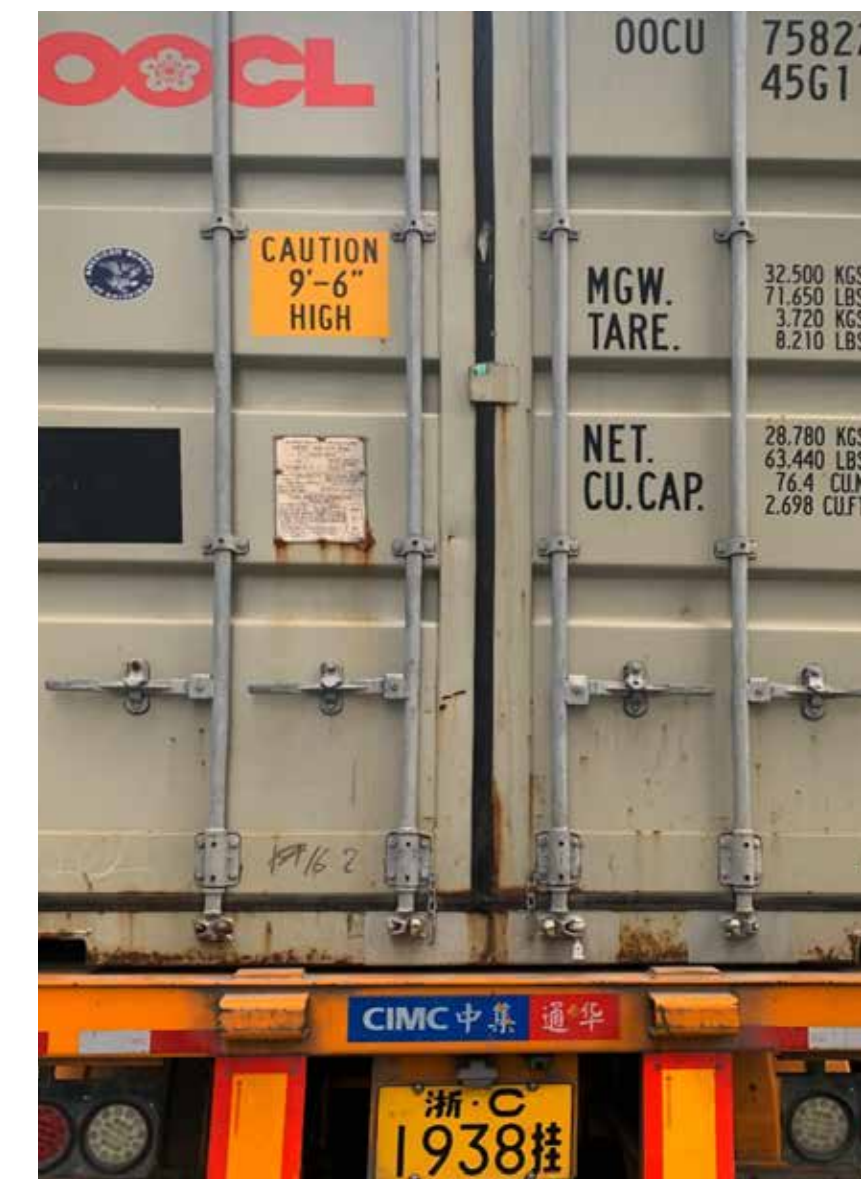

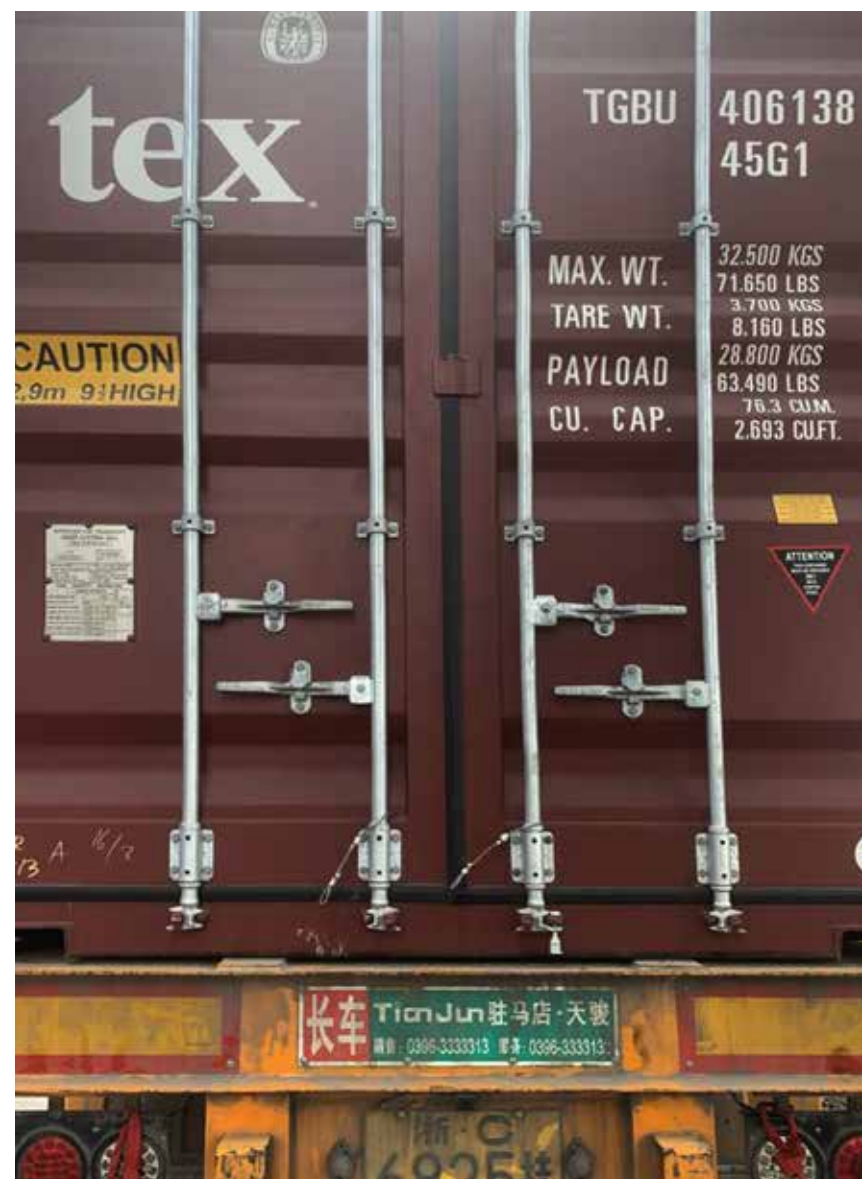

Our role here is helping the other factories not to compete with them. We provide raw materials for our clients.

# Egypt

in different grams from our main factory in china. The spread of Lansheng in the Egyptian market is because we're well-known for high printing quality.

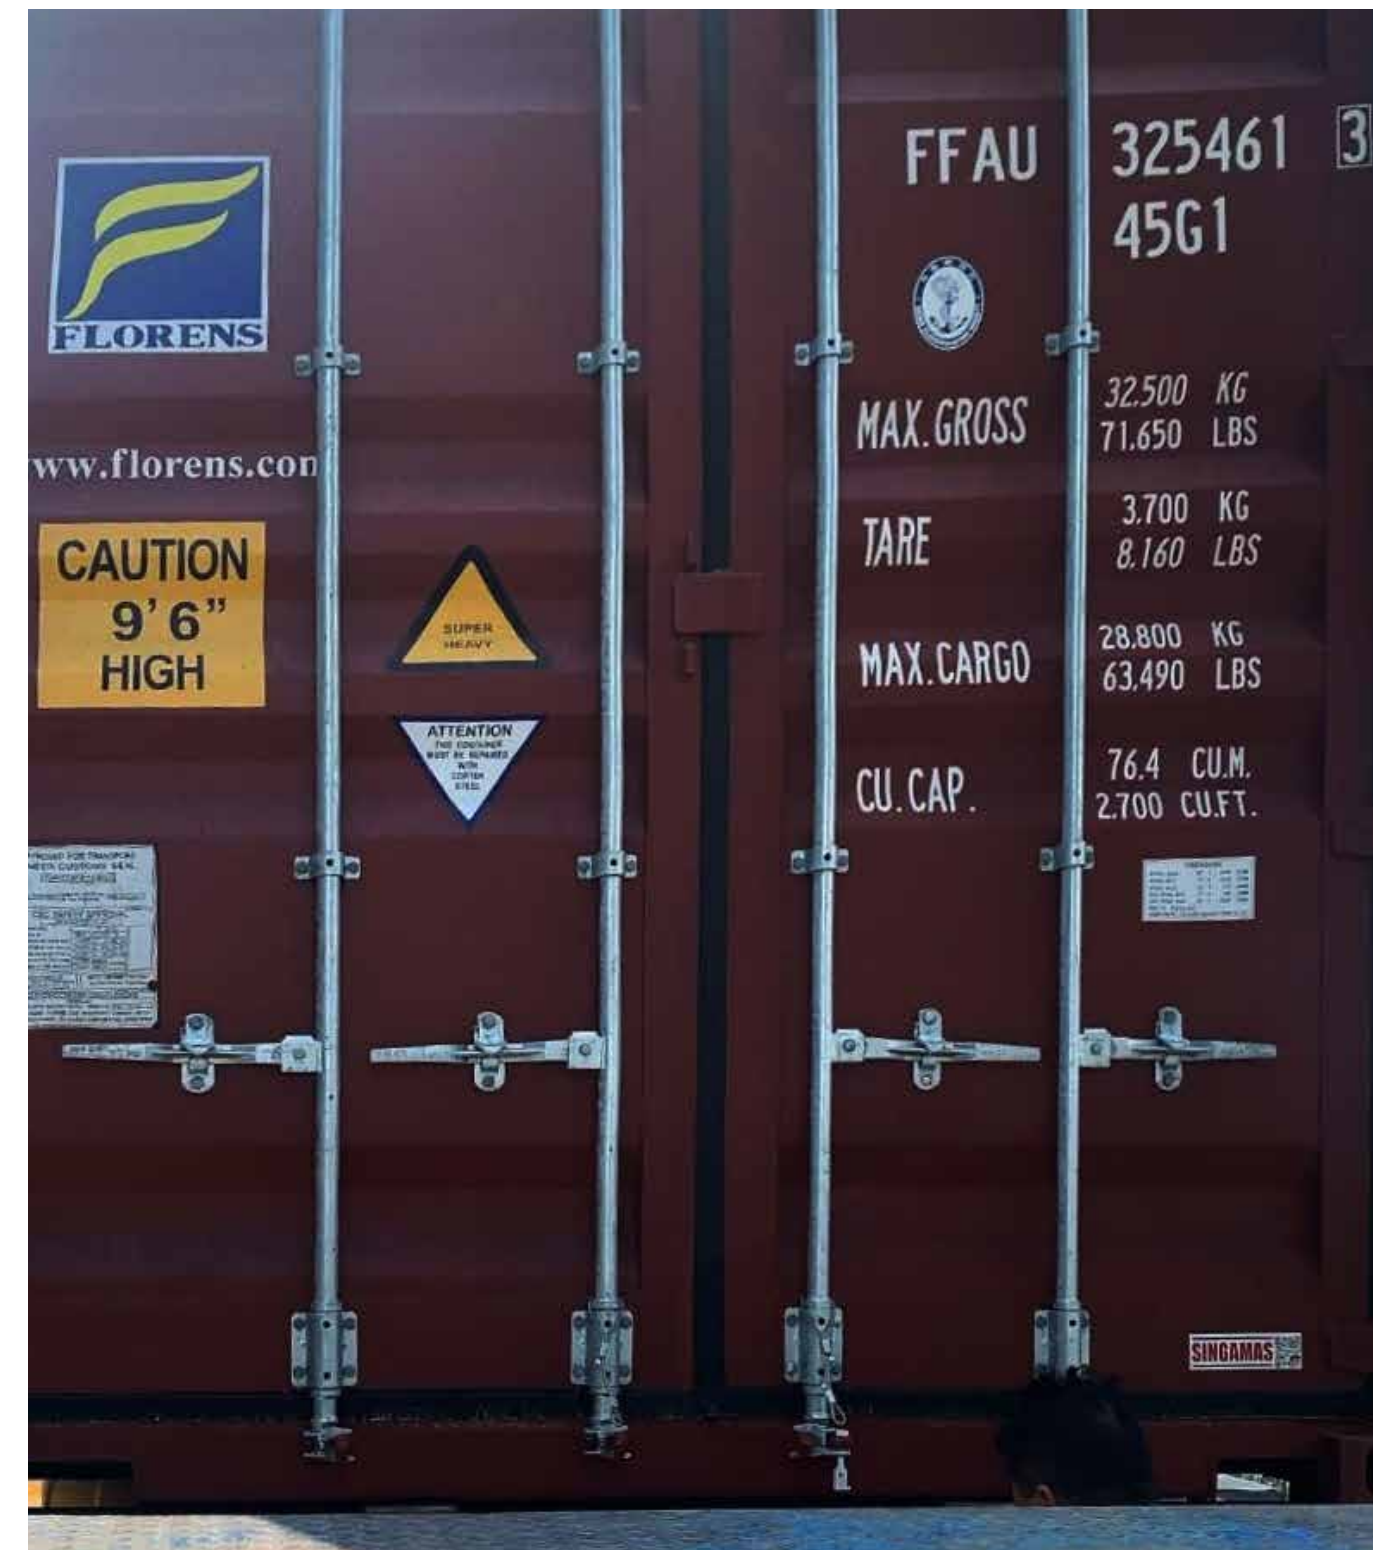

# Emirates

The UAE Government has launched paper industry policy that aims to develop exports and enhance,

the role and ability of UAE industry to compete in global markets, This has made the UAE one of the first countries to top of the list of paper transfers.

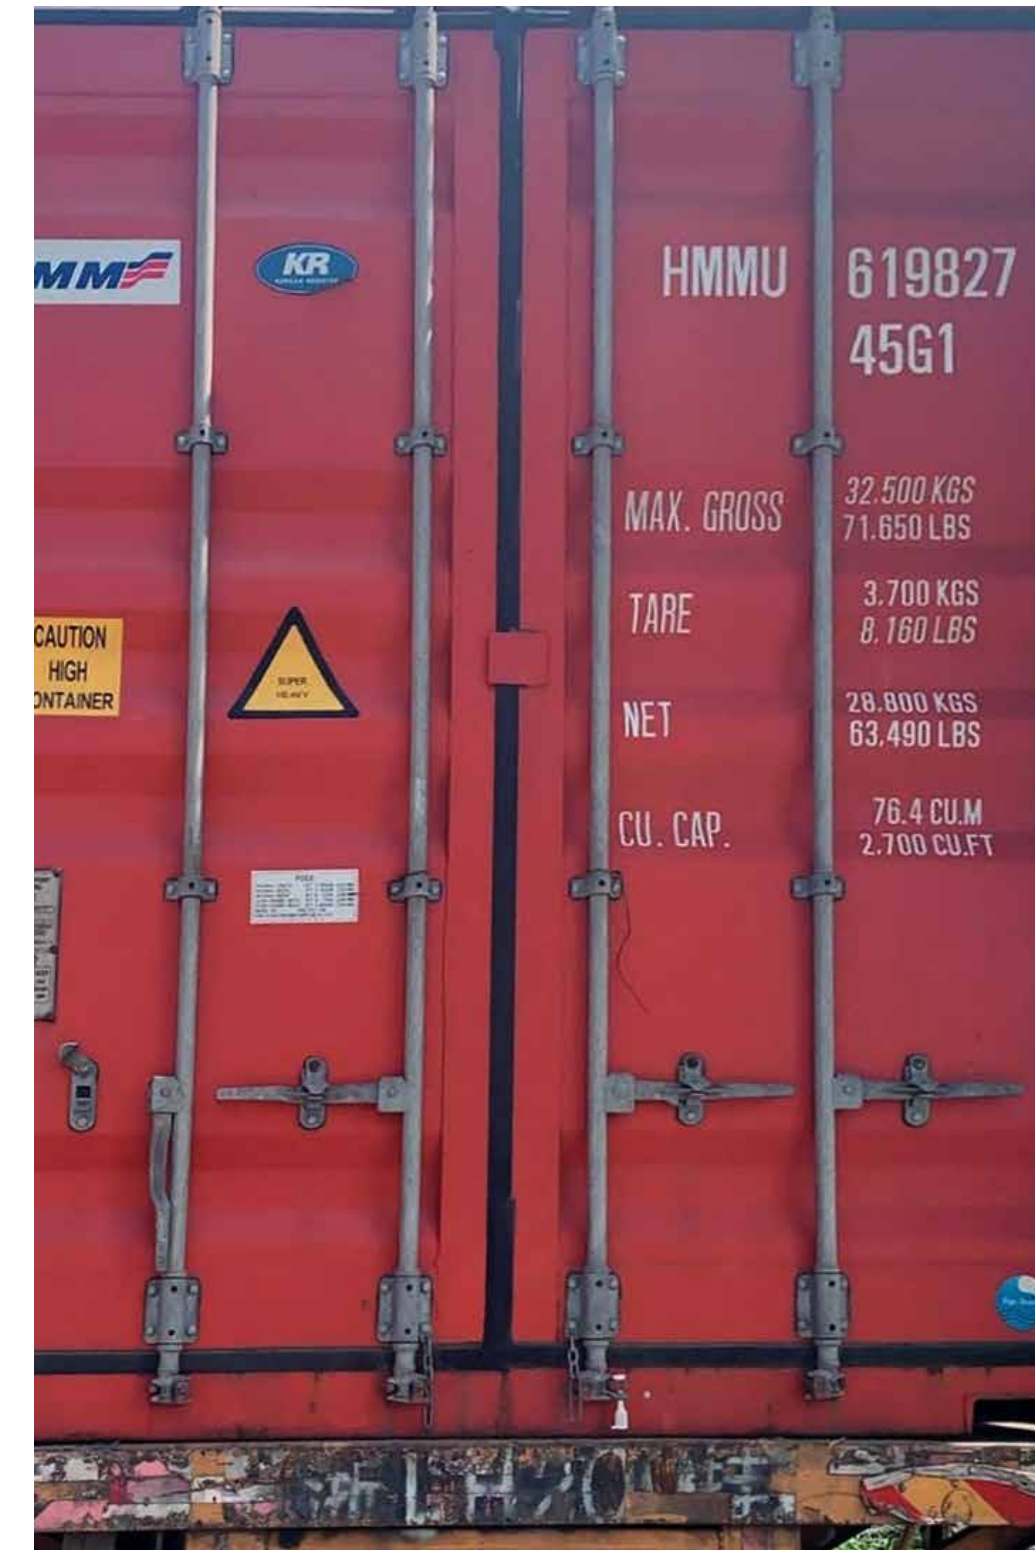

# Kuwait

Paper Manufacturing in Kuwait is a secondary industry, accounting for about one-tenth of GDP.

This is why Kuwait markets is a major market for ready-made products like (Single Wall - double wall - ripple wall - Salad & Soup bowls - Kraft bags - Boxes)

# Kuwait

And this is in response to the rational dictated by our extensive studies of the growing need to expand there up to 30% of the withdrawals in the gulf market.

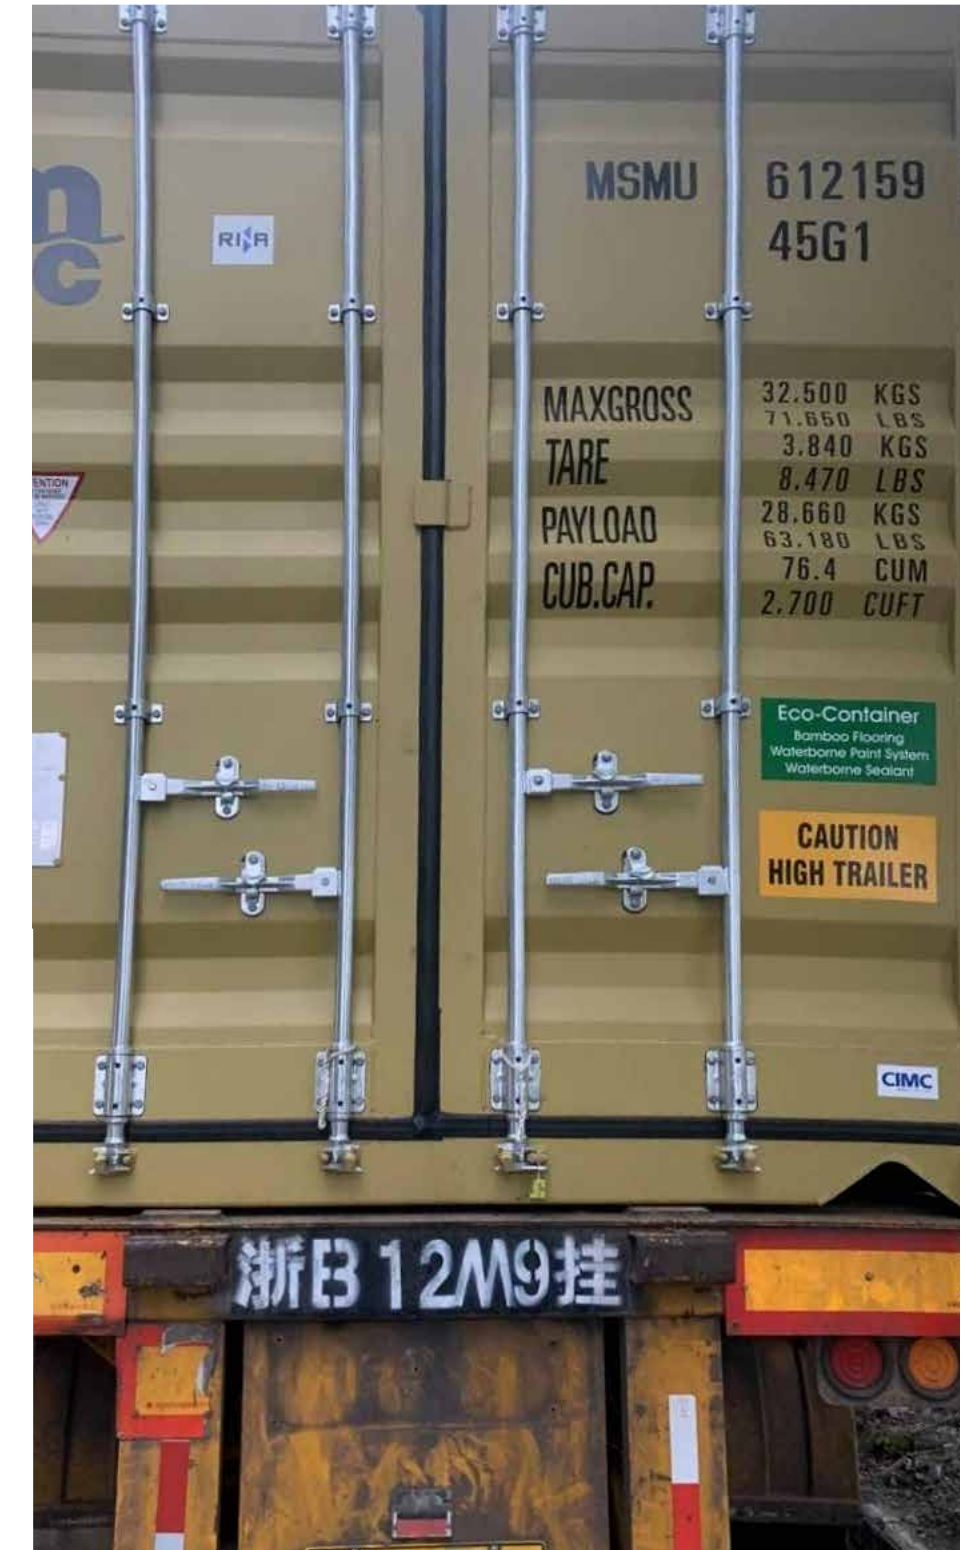

# Iraq

The Iraqi market has become one of the largest and most important markets for our company in the Arab region.

In Iraq, we provide high-quality products and with highly competitive prices.

# Iraq

We use normal and high bulk paper ( printed cup fans ) for different grams such as 150 GSM+15 PE & 160 GSM +15 PE & 170 GSM+15 PE.

# Iraq

Most of the orders in Iraq are shipped to umm Qasr port, We keep on our progress in this country and going to continue..

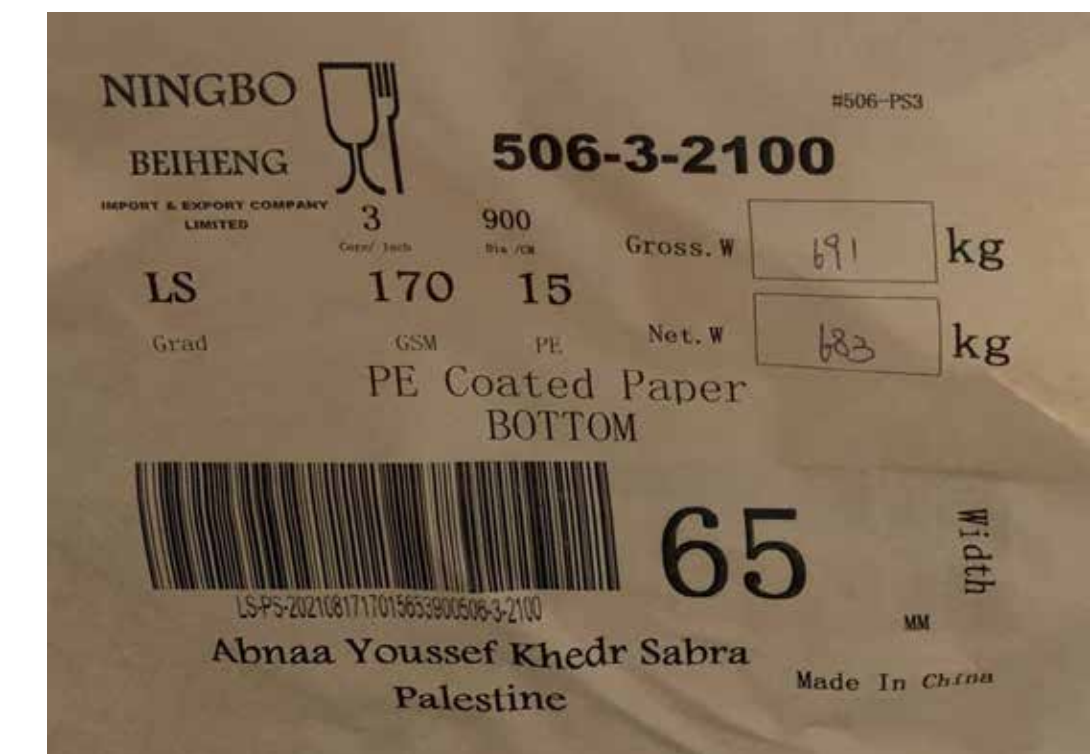

# Palestine

Due to the strong connection between the Egyptian and Palestinian markets.

Palestine ranks fourth in the list of Arab countries that consume our products which focuses its consumption on both finished and semi-finished products (Cups, bowls & cup fans).

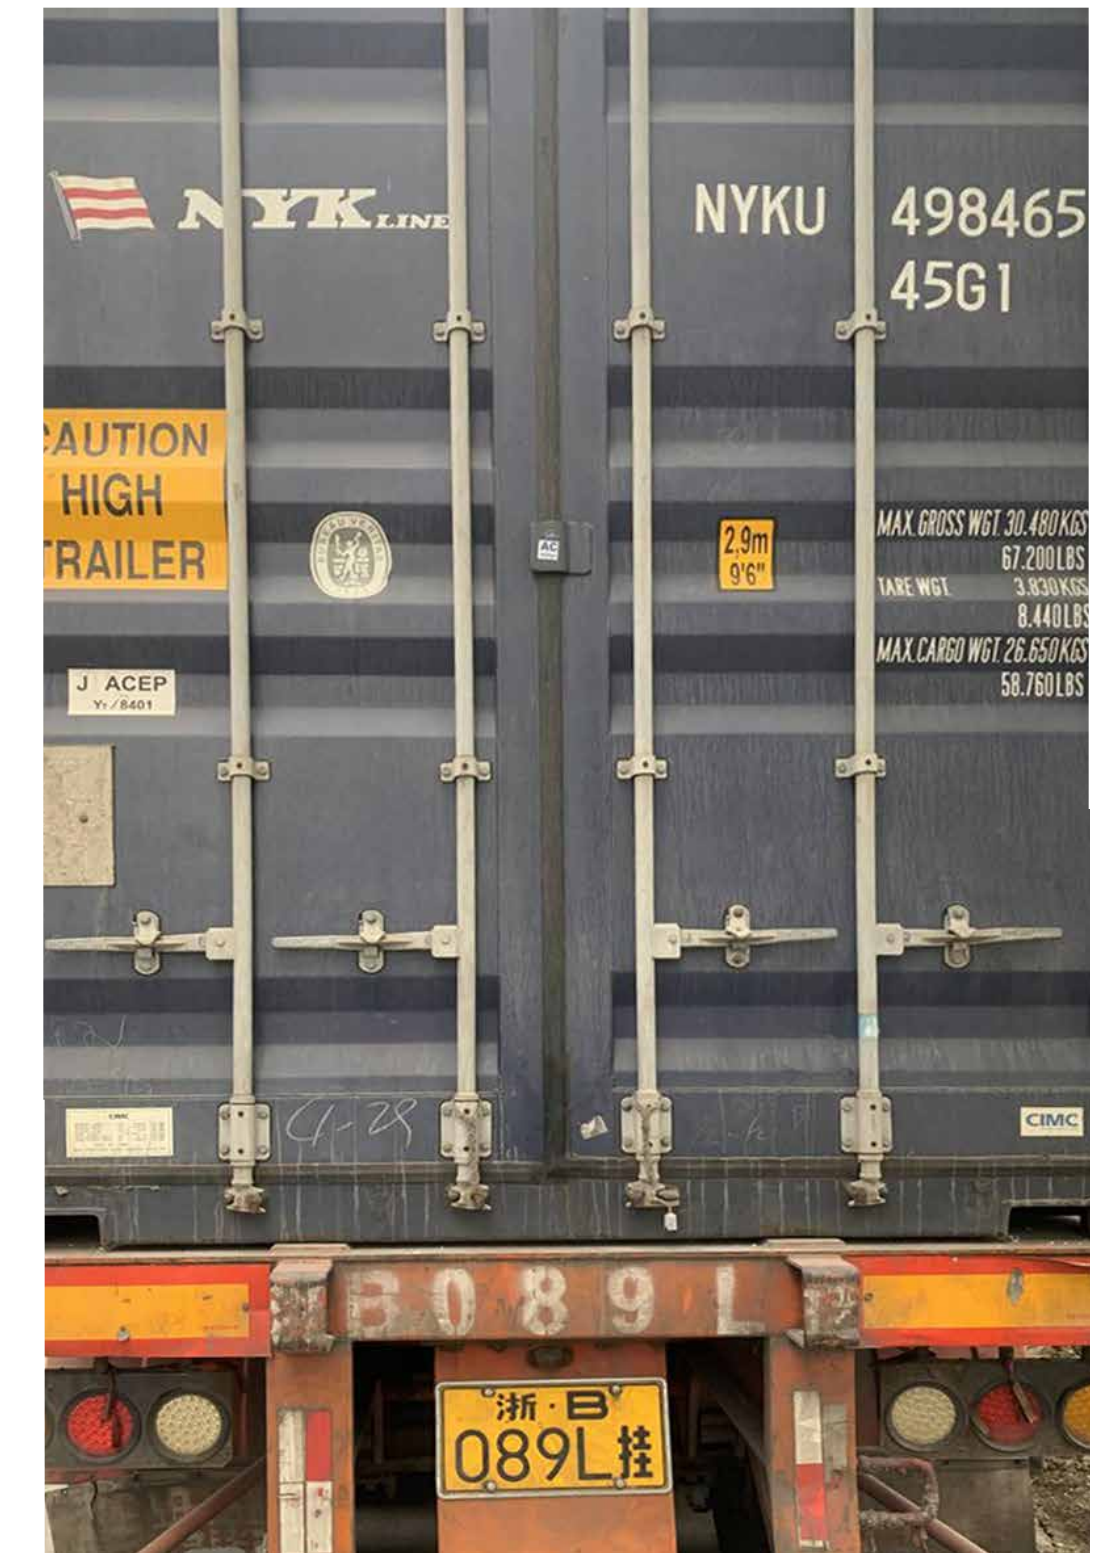

# Palestine

We support customized or simple food packaging solutions to the restaurant's industry to help them to brand and do marketing their food products.
